Self **CHANNELLOCK** Gripping

TRADE MARK REG. U. S. PAT. OFFICE

Channellock Self-Gripping Pliers incorporate the new revolutionary, powerful gripping, **Channellock** design providing a quick, positive grip when pressure is applied to only one handle. The greater the pressure, the tighter the grip. The exclusive tongue and groove **Channellock** joint makes a plier far superior to the conventional type of adjustable plier for these reasons:—**Greater Strength, Longer Wearing, Closely Spaced Adjustments, Self Cleaning, Visible Adjustment, No wear on Joint Bolt.** They are forged from high grade steel, and properly heat treated. Each plier is tested far beyond its intended capacity.

This **No. 407** plier is primarily intended for battery work. The self-gripping feature insures a positive grip on acid corroded and mutilated terminal nuts. Its adjustable feature also makes it indispensable for many other kinds of work. Polished steel finish. Packed ½ dozen per carton.

Net each \$2.30

Length 7". Capacity ⅛" to ⅝". Weight 6¼ lbs. per doz. Two adjustments. Knurled handles.

407 GRIPPING PLIER

Our **No. 410** is a heavy-duty self-gripping plier which will hold work of any shape with a positive pipe wrench grip. Will exceed a pipe wrench in usefulness because of its light weight and streamlined design. Polished steel finish. Packed ½ dozen per carton.

(All prices subject to change without notice.)

Net each \$3.20

Length 9½". Capacity ⅜" to 1½". Weight 12½ lbs. per doz. Four adjustments.

410 GRIPPING PLIER

The **No. 417** is a heavy-duty plier with a gripping power many times greater than the ordinary slip-joint plier. Polished steel finish. Its superiority can only be appreciated by actual use. Packed ½ dozen per carton.

Net each \$2.30

Length 7". Capacity ⅛". Weight 6½ lbs. per doz. Three adjustments. Knurled handles.

417 GENERAL UTILITY PLIER

The wide range of adjustments of the **No. 420** Pump Plier makes it adaptable to a multitude of uses. The **Channellock** adjustment eliminates wear on the joint bolt and greatly prolongs the life of the tool. Polished steel finish. Packed ½ dozen per carton.

Net each \$2.90

Length 9½". Capacity ⅜" to 1½". Weight 9 lbs. per doz. Five adjustments.

420 PUMP PLIER

This **No. 424** ignition plier incorporates the **Channellock** adjustment feature in order to eliminate wear on the joint bolt and lengthen the life of the tool. A midjet plier. Polished steel finish. Packed ½ dozen per carton.

Net each \$2.00

Length 4½". Capacity ½". Weight 16 oz. per doz. Four adjustments.

424 IGNITION PLIER
